  Maharastra State Board
  05/2018
  course *Thane, Maharastra*
  High School (10th)

PERSONAL PROJECTS

MEDI-BLOCK

- It is simply blockchain based website based on **Blockchain** design by using **Solidity**, **React.js** and **Express.js** which is stores the records securely and display the data in restricted mode.

Student Portfolio

- This application will bring you to a place where you can see the student's all details at a place. Teacher can easily take the attendance as well as can generates the student's defaulter list. Students can add or update their curriculum and extra-curriculum activity. I have created using **python(Tkinter), mysql.**

Movix

- Developed a fully responsive web application using **React.js**, **Redux**, and **SCSS** while integrating the TMDB API. Implemented a captivating shimmer effect to enhance user experience during loading. Incorporated **infinite scrolling** functionality for seamless content exploration. Ensured optimal user engagement by employing modern front-end techniques and best practices.

Portfolio Website

- I designed and developed this website employing **React.js** and **Node.js**. It serves as a platform showcasing my project portfolio and progression over time. Through this site, I highlight the projects I've undertaken, reflecting my continuous growth and expertise in various domains.

WORK EXPERINCE

Web Developer 🔗
ROLLINGNOTES
03/2023 - 06/2023

- As part of my role as a web developer, I had the opportunity to work on Parinaam, a comprehensive result portal that serves as a centralized platform for hosting and managing results for multiple colleges across various states. I contributed to the development and implementation of the portal's functionalities, ensuring seamless data integration, intuitive user experience, and robust security measures.

CERTIFICATES

Developer Virtual Experience Program (09/2022) 🔗
Completed the basic knowledge of the Software Engineering

Web Development Program (08/2022) 🔗
By Internshala

SQL (Intermediate) Certificate (01/2022) 🔗
By Hackerrank

JAVA (Basic) Certificate (10/2021) 🔗
By Hackerrank

TRAINING

Web Development Program
by Intershala

Achievements/Tasks

- In this, I have learned the front-end and back-end technologies like HTML, CSS, BOOTSTRAP, JavaScript, PHP and created a small PGLife project.

SKILLS & PROGRAMMING LANGUAGE

React.js Express.js Node.js

Python MySql MongoDB

Data Structure & Algorithm Java Basic

Blockchain C++ Solidity
